March 2019

Dear Colleague

ICT Technician
Salary starting £18,070
Permanent contract, 37 hours a week, all year round

Thank you for your interest in the post of ICT Technician, which has become available following the departure of a current colleague. The post will be based at Sheringham High School, but you will be required to travel to all the Trust schools.

The person appointed will be an enthusiastic individual with good interpersonal skills and an eagerness to work and train on the job. This is a post, aspects of which may change over time as the Trust expands, and where the post holder needs to be adaptable. I attach a job description and person specification for the post.

We are very proud of the schools in our Trust and we are committed to growing it in a sustainable manner for the good of its students and stakeholders.

About the Trust

North Norfolk Academy Trust is an expanding trust, currently made up of 4 schools; 2 primaries and 2 secondaries. We are a popular Trust that caters for around 1300 students aged from 3 to 18 who live in the towns and villages on the coast and the Broads.

Visitors to all our schools comment on the very positive relationships between staff and students, and recognise the focus on learning in caring and supportive environments. We are proud of our schools. All of us - staff, governors, trustees, parents and students - are determined to become an even better Trust.

I'm confident that you would find the Trust a most enjoyable and rewarding place to work. The person appointed to the post will be joining an excellent Central team at a very exciting time in the development of the Trust.

The ICT Technician should look to be part of a modern, business-like approach with an emphasis on business partnership across the MAT. The appointee will help to develop and deliver a proactive, customer-focused service.

Closing date for applications, using the attached form please, is **9.00am on 3rd April 2018**. Candidates invited to interview will be informed by email and telephone.

Yours sincerely

Dr Andrew Richardson
CEO NNAT
