Dear Parent / Carer

Consent for the administration of analgesics

School staff are not authorised to administer analgesics without prior written permission from a parent / carer. Therefore, I am requesting that you consider giving written authorisation for members of staff to administer paracetamol should your child suffer from minor ailments e.g. headache, toothache &c.

You will still be contacted by telephone on each occasion before paracetamol is administered.

Would you please complete the form below and return it to the School.
