

Public Transport Campaign

**Our Aim: green , accessible public
transport for North Norfolk**

**We care about our countryside and the
environment: we need to drastically reduce
vehicle emissions.**

**We care about young people in North
Norfolk: we want you to be able get to the
places you need go easily, safely, and
without having to rely on cars.**

Our Vision: electric or green fuel 'hopper' buses that will connect all villages with major towns and transport links.

Getting you where you need to be independently and reliably.

How will we get there?

By raising awareness and making links with key influencers and public officials.

How can you get involved?
